

# Fastest-growing public companies

Ranked by weighted growth score percentage

NA=Not available  
Footnote:\*In millions.

**Methodology:** To compile this list, the Philadelphia Business Journal used revenue and employee figures from corporate financial disclosures filed in 2009 and 2010 for all public companies traded on a major U.S. Exchange and based in our eight counties of coverage, for which data was available. Financial data was provided by Capital IQ, a division of Standard & Poor's. To qualify, companies had to have revenues of at least \$75 million and positive earnings last year. The percent change for both annual revenue and employment was then calculated and used to create a weighted growth score based on 60 percent revenue change and 40 percent work force growth.

Information for obtaining commemorative plaques, reprints or Web permissions can be obtained from the Business Journal's designated partner company, Scoop ReprintSource at 800-767-3263 or scoopreprintsource.com. No other companies offering similar services are affiliated in any way with the Business Journal.
